this text presents a history of pe in specialist women s colleges it looks back at 100 years of social political and educational development comparing six women s colleges

new approaches to tourism study demonstrate a notable critical turn a shift in thought that emphasises interpretative and critical modes of tourism inquiry the chapters in this volume reflect this emerging critical school of tourism studies and represent a coordinated effort of tourism scholars whose work engages innovative research methodologies since such work has been dispersed across a variety of tourism related and other research fields this book responds to a pressing need to consolidate recent advances in a single text adopting a broad definition of criticality the contributors seek to find fresh ways of theorising tourism by locating the phenomenon in its wider political economic cultural and social contexts the collection addresses the power relations underpinning the production of academic knowledge presents a range of qualitative data collection methods which confront the field s dominant post positivist approaches foregrounds the emotional dynamics of research

relations and explores the personal the political and the situated nature of research journeys the book has been divided into two parts with the essays in the first part establishing a context specific framework for engaging philosophical and theoretical debates in contemporary tourism enquiry the second set of essays then present discuss and critique specific methodologies research techniques methods of interpretation and writing strategies all of which are in some sense illustrative of critical tourism research contributors range from postgraduate students to established academics and are drawn from both the geopolitical margins and the powerbases of the tourism academy their various relationships with the english speaking academy thus range from relative outsider to well positioned insider and as a result their essays are reflective of a range of locations within the complexly spun web of academic power relations and social divisions

csia 2014 focusses on improvements in computer science in industrial application the contributions are grouped into five main sections 1 computer and information technology 2 business management e commerce and tourism this section covers mainly basic theory and general method of economic management businesses and market economy nbs

providing an authoritative guide to theory and method the key sub disciplines and the primary debates in contemporary sociology this work brings together the leading authors to reflect on the condition of the discipline

this revised and updated edition reflects the changes that have taken place within the field of leisure and recreation management in recent years issues such as social inclusion cultural strategy exercise for health have risen to the top of the policy agenda commercial pressures changes in the voluntary and public sector and emerging leisure professions such as sports development and playwork are all profoundly influencing the professional landscape leisure and recreation management is the only book to cover leisure history key leisure concepts trends provision management practices and operational issues in one comprehensive volume leisure and cultural heritage the social and historic factors shaping current leisure themes in leisure recreation and play understanding leisure as a social leisure planning and provision in the public

voluntary and commercial sectors leisure products exploring the key areas of tourism the countryside the arts and sport leisure management principles and practice for leadership staffing training programming event management leisure marketing and more exploring every key concept and innovation and with more student friendly textbook features than ever before leisure and recreation management is essential reading for student and professional interested in the theory and practice of managing leisure and recreation services and facilities

leisure and food seem to be a natural fit but the recent unprecedented focus on all aspects of food has not been reflected in the field of leisure studies this book is the first to combine these vital aspects of human interest by exploring the interface between leisure and food in a number of areas for example it examines sports nutrition products which straddle the boundary between junk and food it also looks into hosting sustainable meals and what eaters can learn about sustainable food choices and food citizenship it visits ethnic restaurants and inquires about the authenticity of eatertainment experiences from both the supply and demand side and it takes up gardening while investigating questions of food security social capital gardening narratives and the role of place the book concludes with a dynamic reflection that sums up these leisure and food practices and sites and challenges us to continue these debates this book was published as a special issue of leisure loisir

with a new full color design with perforated worksheets the tenth edition of kraus recreation and leisure in modern society provides a detailed introduction to the history developments and current trends in leisure studies it addresses contemporary issues facing the recreation and leisure profession and focuses on challenges and opportunities that impact the profession now as well as years from now extensive research into emerging trends helps support the text and provide insights into the future focusing on the ten different types of organizations ranging from nonprofit community organizations and armed forces recreation to sports management and travel and tourism sponsors this classic text text is an invaluable resource for students considering a career in the recreation and leisure industry new to the tenth edition discusses how specific trends such as dramatic shifts in population make up the impact of technology and marketing affect leisure service systems and the recreation and park professions focus on the role of parks and recreation on the health and wellness of our communities as well as means to combat the

obesity epidemic in north america includes new case studies which allow students to apply knowledge of technology in leisure identify the value and benefits of play and recognize the changing family structures of our modern society
